

Weller®

Founded in 1945, Weller has become the world's leading supplier of professional quality soldering equipment, including the famous Weller temperature controlled irons and soldering guns. Weller makes advanced soldering and desoldering stations and irons for sophisticated industrial needs, plus a series of handy soldering and miniature power tool kits for home craftsmen, hobbyists and light industry.

Weller products have been serving the scientific, industrial and do-it-yourself markets since 1945. The Australian plant at Albury/Wodonga manufactures a full range of soldering and desoldering tools and aids that are designed to comply with Australian standards and the requirements of local conditions.
