Product Description

In support of our policy of continuous product improvement we reserve the right to change materials and specifications without notice. Drawings, where used, are not to scale. All dimensions are in millimetres and sizes given are approximate. Where possible, technical MSDS data sheets are made available on the website. All products should be installed and used in accordance with manufacturer's instructions provided. Warning: products may be the subject of registered designs and patents. Refer to website for terms and conditions on warranty.

Final Distribution Point 20 Pair

The Final Distribution Point is for use beyond the network boundary and features KATT style terminations. The shallow lid does not allow for mounting over-voltage protection magazines.

Note: For 30 Pair FDP simply add a DMP10 module.
