

Copper Lug Crimper 6-25mm²

Item Number: K28

Packaging Unit: 1 / each

Robust ratchet crimper for a large range of copper lugs 6-25mm²
High leverage to create a 'W' crimp for a larger crimp range
Low effort required due to high leverage handles
Ratchet operation ensures correct crimp

Product Information

Product Details

Product Description

Robust ratchet crimper that crimps a huge range of copper lugs from 6mm² to 25mm². The crimp is a 'W' crimp, which allows for the large range. High leverage handles make crimping effort easier. Ratchet operation ensures a correct crimp.
