400L

Leading Edge Dimmer 400W

Cat 400L is a new leading edge light dimmer with improved features. It is designed to be used with wirewound transformers for low voltage halogen downlights, as well as incandescent lamps and 240V halogen lamps.

Key Features & Benefits

- *Quiet operation.*
- *Immune to flickering due to off-peak ripple signal.*
- *Soft start – lamp turns on gradually to increase lamp life.*
- *Over-temperature protection – lamp automatically dims if dimmer is overloaded.*
- *Short circuit protection – dimmer automatically switches itself off before damage can occur in the event of a short circuit. This feature makes this dimmer most suitable for GU10 halogen lamps.*
- *Compatible with all HPM switch plates – Standard, Excel, Architrave, COMO™, Linea™, Architectural, Nostalgic or Multi Gang.*

Customer Advice
