WS44 Series Weatherproof Enclosure

PAS WS44 Series

Product / Packaging Specification

Key Features & Benefits:

HPM's WS44 weatherproof enclosures are designed for installation in semi-protected areas such as patios, barbeque areas and garden lighting installations. Surface and flush mount versions are available.

- Attractive slimline design
- The surface mounted version features improved access with ten conduit entries and extra space for larger cables.
- Rear accessibility is ideal for single and double brick walls
- Enclosure lid is made from UV resistant materials
- The lid can be padlocked to prevent unauthorised use
- Accepts all horizontally mounted standard plates
- Hinged door can provide up to an IP23 rating using screw caps and gasket provided
