Product Characteristics

Part Number: BIKFB607042A

MOUNT SATELLITE FLEXI TIN ROOF H.D

Description:

The Hills FB607042A Flexi Mount Tin Roof Heavy Duty is a Foxtel approved 65cm and 80cm satellite dish mount for tile roof applications with timber framed roof structures. It can also be used in NBN fixed wireless applications with W55 wind-load regions A/B. For C/D regions it is mandatory to fit either a FB607226 or FB607150A to increase the wind loading to W60. It is used for mounting and aiming a satellite dish in domestic and commercial applications.
