- Premium quality weatherproof T5 Battens with matching Emergency and Axiom Network versions available
- Ideal for use in marine environment, or areas with high concentration of steam or fumes – laundries, swimming pools, washrooms, breweries, road & rail tunnels, general outdoor applications
- Body – rigid construction in grey finish with highly rigid glass reinforced polyester (GRP) bodies
- Diffuser – injection moulded polycarbonate (PC) diffuser, UV stabilised for high impact resistance. Provides high light transmittance for maximum Light Output Ratio (LOR)
- IP65 rated using water-tight natural silicone gel gasket
- Mounting clips are Stainless 316 grade – with provision for hanging in open position
- Low smoke/halogen free (LSHF)
- Australian manufactured geartray, comprising highly reflective powder coated steel plate
- Easy to install and maintain, easy upgrade to LED light engine, motion sensing etc.
- Complies with AS/NZS 60598.1 and CISPR15:2006.
