

KFLEX2 COMBINATION MULTI-STRIPPER

The CABAC Multi-Stripper KFLEX2 is a universal wire-stripping tool for the following functions: circular cutting, longitudinal cutting, wire stripping, cable stripping and cutting of all common flexible and solid conductors. The tool allows cables to be stripped easily even in hard-to-reach areas, such as ceiling and wall areas, junctions and distribution boxes, and switch cabinets. The integrated contoured blade allows conductor cross-sections of 0.5mm², 0.75mm², 1.5mm², 2.5mm², 4.0mm² and 6.0mm² to be stripped. An easy-to-reach side cutter is also integrated into the FLEX2 and can be used up to a cable diameter of 6mm (solid conductors up to 4mm in diameter).
