Standard Product in Western Australia

Nema 2 Cable Ladder has been tested in accordance with the Nema requirements by a NATA certified testing facility. The data displayed is based on physical test-results of a 600 wide section and may vary for other widths. The Deflections have been provided as a guide based on continuous spans, and cannot be applied to end spans. Data provided assumes that the installation will be carried out in accordance with Nema VE2, non compliance may affect the overall product performance.

Order fasteners separately for installation. 8 x Splice Bolts (SBH) & 8 x Splice Nuts (SNH) required.

Non standard radius fittings can be manufactured against firm orders, and are non returnable.

Stainless Steel is only manufactured against firm orders and is non returnable.
