

Guy Clamp Assembly for 1.5" (38mm) Mast 11MM-GCA38

The GCA38 is a 38mm (1.50") guy clamp assembly kit, including a 38mm locking ring, 38mm guy collar, and four guy thimbles for attaching guy wires. It attaches guy wires to 38mm (1.50") outer diameter masts for staying on rooftops or ground mounts. It is made from galvanised steel products for long-lasting and durable installations. Matchmasters 11MM-CW180 guy wires (sold separately) are commonly used with the GCA38.

Features and Benefits

- » Used to anchor guy wire turnbuckles to a mast
- » Suitable for 1.50" (3.81cm) diameter masts
- » Clamp kit for attaching to a mast
- » Includes guy plate and lock ring
