

PatchLink™ Horizontal Single-Sided Manager, 1RU, 2.7 in. Depth

WMPLFSE

The PatchLink™ Horizontal Cable Manager provides a neat and efficient way to manage patch cables on any standard EIA 19 inch (483mm) rack or cabinet. It manages copper, fiber optic, and coax cables. Flexible fingers organize patch cords, simplifying moves, adds, and changes while the “closed” design protects the patch cables in the pathway. The single-sided cable manager is 1 RU and has a shorter depth of 2.7 inches. It includes a dual-hinging front cover and is black.

Specifications

Product Type	Single-Sided Manager
Body Material	ABS
