WFR-00048-WH 12 Port Multimedia Tamper Proof Enclosure - White

12 Port Multimedia Tamper Proof Enclosure - White

› save page

Part No: WFR-00048-WH
Region: Asia, Oceania

The Multimedia Tamper Proof Enclosure provides a 12 or 24 port to-the-desk solution that can be wall or surface mounted. Designed to accept a suite of rear loaded UTP or optical fiber faceplates, the security enclosure has a clear perspex lid and provides a facility for security lugs (sold separately), enabling the user to secure their network.

Features & Benefits

- Available in 12 port variants
- Accommodates Molex PowerCat 6 and PowerCat DataGate Jacks
- Accommodate Synergy single Simplex SC, LC, MT-RJ or ST fiber modules
- Rear loading jacks to Reduce Tampering
- Tamper proof Clear Cover
- Available in White
