

NC236182U

NHP POWERMAX DIN T NC Busbar Chassis 250A 36 Way 2Pole
Universal Red Black

Component type	Distributor assembly busbars
Range	DIN-T NC BC
Model	N/A
Product status	Existing

NHP's POWERMAX DIN-T NC Busbar Chassis is a high-performance electrical distribution solution, offering a range of features to meet the needs of any project. Available in 250A or 400A and designed for quick connection of DIN-T MCB's and RCBO's provides a safe method of electrical distribution. The chassis is made of high-quality copper, providing superior conductivity, strong durable busbar supports providing high withstand ratings, efficient performance and a longer lifespan of the electrical system. Offering easy maintenance with clear colour coded labelling to identify corresponding phase. Fully shrouded busbar providing touch protection. Designed to withstand harsh industrial environments and to meet the latest industry standards, ensuring safety and reliability.

ELECTRICAL

Rated current	250.0 A
Number of poles	36
Number of poles, 18mm pitch	36
Number of phases input	1P+N
Nominal voltage	415.0 V
Short time withstand current I_{cw} , 0.1 sec	25.0 kA
Short time withstand current I_{cw} , 0.3 sec	20.0 kA
Short time withstand current I_{cw} , 1 sec	10.0 kA

CONSTRUCTION

Assembly arrangement	18mm pitch
Material housing	Encapsulated material
Suitable for devices with N-conductor	Yes
Tee-off isolator	No
Capped tee-offs	0.5
Degree of protection (IP)	IP20

DIMENSIONS

Depth	82.0 mm
Height (pan)	350.0 mm
