ROBERTSHAW CONTROLS

Frederick W. Robertshaw invented his first thermostat in 1899 and now almost 120 years later Robertshaw produces more than 10,000 sophisticated controls for commercial and home appliances. Robertshaw are a global leader in the appliance controls industry with 9 manufacturing plants and 7 distribution centres worldwide.

Since 1964 the Robertshaw Infinite Control has been the preferred product for controlling stove and grill elements. Since 1995 the M-Series Control has proven to be a reliable and cost effective solution to modern appliance design. It is also a reliable alternative to the ageing Infinite Controls.

## M-SERIES CONTROLS

M32314
15A Double Pole Energy Regulator

M55314
15A Energy Regulator

M58314
15A Energy Regulator with Isolated Pilot

M82314
15A Dual Element Energy Regulator (Clockwise)

MP101
15A Energy Regulator 6mm Shaft (0534001654/FP532008)

MD3-110
15A Dual Element Energy Regulator (Anti-Clockwise)

MSA-V01
15A Double Pole Energy Regulator, Isolated Pilot

MSA-V03
15A Dual Energy Control

102K (D6193.5A)
Universal Simmerstat Knob

103K (D6193.7A)
Universal Thermostat Knob

102K
Universal Black Knob (no skirt)
