SIZING GUIDE FOR GLOVES:

Glove sizing is imperative to ensure you maintain good feel and dexterity. Use the following guide to choose the right size for you:

| Knuckle Circumference (cm) | Recommended Glove Size |
|----------------------------|------------------------|
| 20.3 | 8 |
| 22.9 | 9 |
| 25.4 | 10 |

EG: For a knuckle circumference of 24cm, you would choose a Size 10.

MAINTAIN A SAFE WORK ENVIRONMENT

We recommend regular 6 month HV testing of these products.

In support of our policy of continuous product improvement we reserve the right to change materials and specifications without notice. Drawings, where used, are not to scale. All dimensions are in millimetres and sizes given are approximate. Where possible, technical MSDS data sheets are made available on the website. All products should be installed and used in accordance with manufacturer's instructions provided. Warning: products may be the subject of registered designs and patents. Refer to website for terms and conditions on warranty.
