# PAR38 IR 100W E27 240V Red 1CT/12

The Philips infrared incandescent reflector lamps are designed to work in thetoughest environment such as farm, bathroom or kitchen and their nearestsurrounding. They have a reinforced construction thanks to hard glass use. Their compact form and universal cap base allow them to be used with any suitable equipment. A very good method of generating warmth is by using heat lamps. The Philips infrared lamps provide direct, draught-free warmth to the animals, but also food. These benefits have made farmers and cooks around the world choose Philips infrared lamps, because they are the sturdiest, most efficient lamps available for these applications.
