

# TECHNICAL DATA SHEET

Product No. 2065

## CRC Industries (Aust) Pty Ltd

### I. Product Description

**CRC Air Duster** supplies a powerful burst of compressed pure propellant gas to safely remove dust and lint from all delicate precision equipment and hard-to-reach areas. It is versatile and handy and should be part of every servicing kit – ideal for off-site servicing when compressed air is not available.

### II. Features & Benefits

- If compressed air is not available
- Ideal for off-site servicing of cash and ticket vending machines and other equipment
- Non-abrasive, non-corrosive, moisture-free, leaves no residue
- Safe on all plastics
- Flammable Aerosol
- RoHS Compliant

### III. Application and Directions

1. Always read the entire label before using product.
2. Deactivate equipment before use. Flammable formulation
3. Do not use on energized equipment.
4. Hold can in upright position.
5. Do not shake can while spraying
6. Use in short bursts
7. Spray approximately 25cm from surface.
8. For hard to reach areas simply attach extension tube.

### IV. Typical Properties and Characteristics

<b>Flash Point</b>	<0°C	<b>Solubility</b>	Immiscible in water
<b>Odour</b>	Slight ethereal	<b>% Volatile</b>	100
<b>Appearance</b>	Colourless liquefied gas	<b>Propellant</b>	HFC 152a

## Product No. 2065

### V. Package Description

#### Part Number Size

Part Number 2065

Container Size 275g Aerosol

### VI. Disposal

Disposal requirements vary by state and local jurisdiction. All used and unused product should be disposed of in conformance with local, state and federal regulations. DO NOT dump in sewers, floor drains, on the ground or into any body of water.

### VII. Special Use Warnings

#### Aerosol Cans

Do not puncture, incinerate or store above 50C. Exposure to high temperatures may cause can to burst. Do not place in direct sunlight or near any heat source. Use only in well ventilated area. Avoid continuous breathing of vapour and spray mist. Avoid contact with skin and eyes. If ventilation is not adequate, respiratory protection should be worn. Aerosol cans will conduct electricity. Keep away from all live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

#### General

Use only in well ventilated area. Ventilation may be improved by opening a window or door or providing mechanical assistance. Avoid continuous breathing of vapour and spray mist. Avoid contact with skin and eyes. If ventilation is not adequate, respiratory protection should be worn. For more information regarding short term and long term exposure, review this product's Material Safety Data Sheet. Do not puncture, incinerate or store above 50 °C. Exposure to high temperatures may cause can to burst. Do not place in direct sunlight or near any heat source. Aerosol cans will conduct electricity. Keep away from all live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

**PRODUCT WARRANTY:** CRC offers a conditional warranty on this product for the period of 5 years from the date of manufacture.

**DISCLAIMER:** All information on this data sheet is based on testing by CRC Industries (Aust) Pty Ltd. All products should be tested for suitability on a particular application prior to actual use.
