Mini-Com® 8-port DIN Rail Copper Patch Panel

CDPP8RG

The IndustrialNet™ Copper DIN Rail Patch Panel is constructed of high impact polycarbonate material. This 8-port DIN rail patch panel mounts to a standard 35mm DIN rail and includes adjustable latches to lock in place. The Copper DIN Patch Panel can be used with any Mini-Com® Module that occupies a single space. This DIN rail patch panel includes screws to attach faceplate and Ultimate ID® Labels to identify each port, as well as clear label covers.
