

DyNet-STP-CABLE-LSZH

100MHz 100Ω STP 4 pair CAT5E

DyNet data cable is specifically designed for high reliability RS-485 network wiring. In addition to a twisted pair for RS-485 data, conductors are provided to supply DC power to network powered peripherals.

- Overall shield for maximum data integrity — The data cable is flexible and all conductors are stranded.
- Fast termination — Designed for robust termination into pressure-plate style terminals.
- Extra thick outer jacket — Mains rated for use in distribution boards.
- Supplied in 305 meter roll.
