

# POLYMERIC CABLE COVER - AS4702

BREATHING  
NEW LIFE INTO  
PACKAGING

# CABLE COVERS

Astron Sustainability is Australasia's leading manufacturer of AS4702-2000 underground polymeric cable cover.

Astron's cable cover provides long-term protection and safeguarding of electrical infrastructure.

Astron's cable cover is batch tested for AS4702-2000 conformance in its Australian & New Zealand (ISO 9001 certified) manufacturing facilities. It is also tested annually by the CSIRO for adherence to the standard and TUV Rheinland certified.

**TUV RHEINLAND AND CERTIFIED**

In early 2014, Astron Australia applied for the globally recognised TUV Rheinland conformance certificate to be applied to its AS4702 polymeric cable cover and to guarantee our clients that our cable cover is leading the way in quality control.

All Astron cable cover manufactured in Australia carries the TUV Rheinland test mark a guarantee of its conformance to AS4702 standards. Certificates of conformance are also supplied when required.

# COMMON SIZES & CUSTOMISATION

Astron manufactures both standard and large project specific sizes (up to 250m long coils) and also specialises in project based design and supply coordination.

Standard Sizes:

- 150mm x 25m
- 200mm x 25m
- 300mm x 20m

Astron are capable of producing non-standard sizes such as:

- 450mm wide
- 600mm wide
- 900mm wide
- 1100mm wide

Jumbo coils are also available in:

- 50m
- 100m
- 125m
- 150m
- 200m
- 250m

# MAJOR INFRASTRUCTURE PROJECTS

Astron has played a significant role in supplying cable cover to major infrastructure projects throughout the Southern Hemisphere and is considered by industry to be a market leader when it comes to product quality and supply integrity.

At Astron, we supply cable cover for a wide range of applications including:

Metropolitan power upgrades

Coal seam gas projects

Wind farm development

Gas pipeline infrastructure

## Distributors

Astron has a wide network of quality distributors in both New Zealand and Australia. Please contact Astron so they can direct you to the most suitable distributor.

## Pact Group

Pact is a leading provider of specialty packaging solutions in Australasia, servicing both consumer and industrial sectors.

Pact specialises in the manufacture and supply of rigid plastic and metal packaging, materials handling solutions, co-manufacturing services and recycling and sustainability services.

## Our Values

- We are committed to sustainability and providing an honest, safe and respectful environment
- We walk in our customers' shoes to serve them better
- We pursue opportunities for transformational change
- We are passionate about driving results
- We act with speed and purpose

Astron has manufacturing facilities in Auckland, Melbourne, Sydney, Brisbane and Perth.
