

Product No: CB1-610R

ABB CB1-610R ILLUMINATED BUZZER 24VAC/DC RED PULSATION  
OUT PUT 53MA 60MCD

| General Information                |                                |
|------------------------------------|--------------------------------|
| Brand                              | ABB                            |
| Product Type                       | Buzzer                         |
| Technical Attributes               |                                |
| Illumination                       | Illuminated                    |
| Light & Sound Output               | Pulsation                      |
| Luminance (mcd)                    | 60                             |
| Rated Current (mA)                 | 53                             |
| Rated Frequency (Hz)               | 50/60                          |
| Rated Voltage AC/DC (V)            | 24                             |
| Terminal Type                      | Screw Terminals                |
| Tightening Torque (Nm)             | 0.9                            |
| Physical Attributes                |                                |
| LED Colour                         | Red                            |
| Operational Temperature Range (°C) | -25 to +70                     |
| Dimensions                         |                                |
| Dimensions (mm)                    | 30W X 30H X 55D                |
| Protection & Standards             |                                |
| Degree of Protection               | IP66 (Front), IP20 (Terminals) |
