Advantage*
HALYARD

Customers around the world choose Halyard Health
because of our clinically-superior products, purposeful
innovation, remarkable service and deep expertise.

It's what we call the HALYARD ADVANTAGE*

SUPERIOR RESULTS FOR YOUR SURFACES

ISOWIPE* Bactericidal Wipes Hospital Grade Disinfectant

Help reduce the risk of healthcare associated infections with a TGA-listed hospital grade surface disinfectant. Containing 70% Isopropyl Alcohol, these wipes provide disinfection of clean surfaces in a convenient wet wipe that doesn't require dilution. Also available in minis. AUST L 279173

VERSA* Towel The All-Purpose Medical Towel

VERSA* Towel is made from high quality, white 2 ply crepe wadding, so it provides excellent absorbency and is durable¹ enough to use across a spectrum of medical and non-medical applications. As it's a smooth and bulky crepe, it's gentle on skin to help prevent chafing from frequent hand drying.

TERI* Wipers Tough, Long-Lasting Wiper

TERI* Wipers are a 4 ply paper towel, specifically developed for hospitals as a durable medical towel / wipe. The soft, embossed wiper is gentle even on frequently washed hands and the tough polyester scrim provides excellent wet and dry strength¹.

TERI* Hydro Absorbent Wipers Super Absorbent & Durable

TERI* Hydro Absorbent Wipers have been specifically developed for medical applications and are the ideal choice for all your surface and hand drying needs. Made from a low lint² hydroknit fast absorbing material, they absorb up to five times their own weight in water³.

HALYARD* Absorbent Tray Liner Super Absorbent Instrument Protection

HALYARD* Absorbent Tray Liners are made from a low lint² hydroknit fast absorbing material that helps to wick away excessive moisture during steam sterilisation. In fact, they can absorb up to five times their own weight in water³. The thickness of the liners⁵ help protect instruments by providing a cushion during sterilisation, transportation and storage.

HALYARD* Benchroll Laminate Bench Protection

Constructed from 4 highly absorbent layers of soft tissue and one layer of strong polyethylene backing laminated together to help prevent strikethrough, HALYARD* Benchroll simultaneously cushions and protects your instruments whilst protecting bench surfaces from staining and other spills.

PATIENTS

ULTIMATE HYGIENE FOR YOUR PATIENTS

HALYARD* Underpads **Versatile Absorbent Protection**

Constructed with a soft top layer and highly absorbent layers of tissue, with a strong blue polyethylene backing to help prevent strikethrough of liquid. HALYARD* Underpads are versatile with various levels of absorbency, making them the ideal choice as a medical procedure underlay where fluids are involved. They provide hygienic protection for patients and surfaces, assisting in reducing the time taken for staff to clean and change linen.

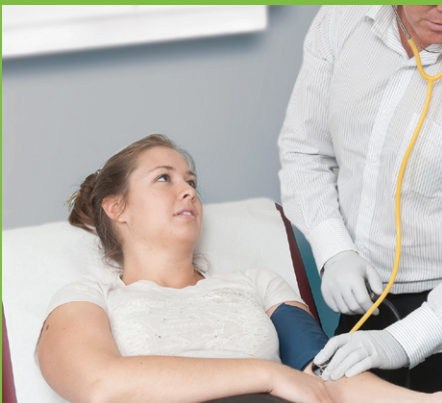

HALYARD* Bed Protector **Superior Patient Dryness**

A unique design constructed from four layers: a surface layer of soft spunbond, a second layer of Super Absorbent Material and a double layered base with strong poly-coated cover that helps prevent strikethrough. With an absorbent capacity of 4.9L³, HALYARD* Bed Protector is the dependable choice to keep patients dry and comfortable by drawing fluid away from the body and locking wetness away in the core⁴, providing ongoing absorbency and helping to prevent leakage onto bed linen.

HALYARD* Protectapad **Strong Multipurpose Laminate**

Constructed from four highly absorbent layers of tissue and one layer of strong polyethylene backing laminated together to help prevent strikethrough. The embossed pattern of HALYARD* Protectapad increases liquid absorbency, helping to prevent run-off, which helps keep patients and surfaces dry. Thick soft tissue ensures optimum patient comfort and helps to cushion and protect instruments.

HALYARD* Bedsheet **Durable Exam Bed Cover**

Designed with a linen-like feel, the thick, durable tissue provides patients with optimum comfort. HALYARD* Bedsheet won't tear easily¹ so you can have the confidence to know that your patients and surfaces are hygienically protected.

HALYARD* Washcloth Extra **Thick, Soft & Ultra Absorbent**

A disposable washcloth that has been designed specifically with patient and instrument care in mind. Its soft yet thick construction, makes it ideal for use as a patient washcloth and for use on delicate instruments. HALYARD* Washcloth Extra can absorb up to eight times its own weight in water³ and is low linting², making this strong durable cloth perfect for gentle patient care, as well as instrument cleaning and drying prior to sterilisation.

HALYARD* Neutral Hand Wipes **Convenient Hand Hygiene**

Alcohol free wipes to clean visibly soiled hands, as alcohol isn't suitable for cleaning organic matter from soiled hands⁶. Contains Vitamin E to restore moisture to the skin. Available in a convenient and portable soft pack, HALYARD* Neutral Hand Wipes are the ideal choice for limited mobility patients and their visitors.
