

Digital TV Antenna with 4G/5G Filter UHF (28-51) 10 Elements (5 Pack) O2MM-GX400P

For the Best

The O2MM-GX400P is a ten element UHF Yagi style antenna receiving channels 28-51. The antenna features a built-in 694MHz low pass 4G/5G LTE filter with 50dB filtering at 750-820MHz to help eliminate interference and deliver you the best possible pictures for your viewing. Made in Australia and constructed from high-grade aluminium with UV stable plastics, the GX400P is perfect for the harsh Australian environment. The GX400P is ideal for use in metro and rural UHF broadcast zones and is suitable for horizontal and vertical installations. The GX400P comes in a convenient five-pack.
