

Product Characteristics

Part Number: CBL25FXBWRD

CABLE BUILDING WIRE FLEXIBLE 25MM 1C RED

Description:

Single core PVC V90 insulated flexible building wire. The flexible range is manufactured with a higher number of strands compared to regular building wire allowing a greater range of movement. This cable is commonly used for residential and light to medium commercial installations. Used for switchboard and control panel wiring. Suitable for glanding. Available in all commonly required colours.
