 BARCODE: **9352399001139**

Lockable and removable side panel

Swing Frame Door

Back with cable routing glands

Tempered lockable Glass door

**PRODUCT DESCRIPTION**

Serveredge wall mount rack enclosures are perfect for storing your standard rack mount equipment on a wall in locations such as wiring receptacles, POS stations and offices where access to floor space is very limited.

This Serveredge rack is made of a sturdy steel frame & can mount up to 60 Kg of rack mount hardware in 18RU of rack space. Vertical mounting rails in the rack are adjustable to the required mounting depth and can accommodate all standard 19-inch rack equipment. The wall mount rack features a tempered lockable glass door for complete visibility of your equipment and its status at all times. It also includes well-ventilated lockable side panels to ensure easy access and security of your equipment. The top, bottom and rear panels of this rack includes convenient cable routing glands to cover all possible cable entry and management options.

The rack ships fully assembled and comes with a 25 Year manufacturer’s warranty\* (Please see full T&Cs for the warranty information).
