

Cat D810/2DP
240Vac 50Hz 10A
(2400W max)

To set the Timer:

- Push down segments between desired 'ON' and 'OFF' times. One segment represents 15 minutes of 'ON' time.
- Rotate dial to align present time with pointer.
- Insert into powerpoint and switch on.
- To override programme, switch to "ON".

For indoor use only
