UTP/STP CABLE STRIPPER FOR UTP/STP, FLAT, ROUND AND COAXIAL CABLES

UTP/STP Cable Stripper for UTP/STP, Flat round and coaxial cables

ORDERING INFORMATION:

Product Code: STRP-CAB

PRECISION PUNCH DOWN IMPACT TOOL - 110/88

This impact type punch down tool is used for telecommunication and network installations. The one motion action presses the cable into an insulation-displacement connector and neatly snips off the cable end. Adjustable high and low actuation setting accommodates termination requirements or user preference.

Features

* Easy to handle comfort grip

* Adjustable high and low actuation setting
