

Drum roller stand 300 kg
Compact, design and portable!

Caracteristics

Maximum load (kg) : **300**
Drum roller weight (kg) : **10**
Drum Ø (mm) : **1030**

Benefits

- Two separate stand parts which can be packed together like a suitcase with a handle for carrying to site.

GENERAL INFORMATION

Technical details

Drum roller stand dimensions (closed): length 575 x width 110 x height 150 mm.
English-style folding for easier rotation of the drum.

Advice

1. Pay proper attention to the position of the stand and the recommended pulling method.
2. Unroll several metres from drums which are full before placing them on the drum stand.

Application(s)

Ideal for the storing and dispensing of cable drums in warehouses and vans or for cable preparation.

ACCESSORIES

Stabilisation kit for drum roller
