

POWERBOARD

BENCH TOP POWER SOLUTION

WHEN CLOSED

Add flexibility to your work space. This easy to install pull up/push down design is a safe alternative to exposed electrical sockets. Use in the kitchen to connect appliances, on your desk to charge your laptop and/or other devices or in the workshop for power tools.

Power Board provides 2 x Australian standard power points which can easily be hidden or pulled up when needed. It also features a separately switched 2 x USB2.0 charging ports providing 2.4amps of power at 5V.

Perfect for kitchen benches, hot desks, drop in areas, schools, airport and hotels.

FEATURES

- Pull-up/push down design.
- 2 x Australian standard power sockets.
- Separately switched 2 x USB2.0 outlets (2400mA Max).
- IP54 water-resistant rating for use in kitchens (when in closed position).
- DIY installation, complete with 1m flex & plug.
- Adjustable collar suits 10-55mm thick bench tops.
- 2 Year Warranty.

APPLICATIONS

Office desks, meeting rooms, workshops, kitchens, study areas and home office.
