### Enclosure Terminal Box 316 Stainless Steel IP66 H200xW400xD120mm

- 1mm body/1.5mm lid AISI 316L stainless steel construction provides chemical resistance in harsh, corrosive and chemical environments
- 400 pre-grained dairy finish ensures no surface pitting corrosion
- Body is folded and seam welded ensuring IP66 and IK08 protection ratings to take all knocks, bumps and sprays
- No pre-drilled holes and corner formed edges ensures no potential contamination points
- Comprehensive approvals and standards compliance including CE, KEMA, CUL and UL
- Accessories compatible between STB and SSTB range making installation across the ranges quick and easy
- Injected white silicone gasket provides higher UV and chemical resistance than traditional polyurethane gaskets
