## PROG DIGITALMETER 72 x 36 IP 10A OR 500V AUX 240V AC

Energy Management and Building Automation > Energy Management and Metering > Analogue and Digital Meters > IME Digital Meters > Panel Mount Digital Meters > DGP 36 P2k

Digital Meter Panel Mount 72x36 Direct Input 10A OR 500V or CT connect with Auxiliary 240VAC

- AC current and / or voltage measurement at 47 to 420Hz true RMS
- Frequency measurement
- DC current and / or voltage measurement
- Programming by key combination, 2 keys
- Different auxiliary supply options are available - contact NHP for further information

Representative Photo Only  
(actual product may vary based on configuration selections)

### SPECIFICATIONS

|                                     |                                            |
|-------------------------------------|--------------------------------------------|
| Component Type Metering             | Digital Meter                              |
| Display (Output) Units              | V<br>kV<br>A<br>kA                         |
| Display (Output) Range(s)           | Configurable                               |
| In, Rated Current                   | 10 A                                       |
| Un, Nominal Operational Voltage, AC | 500 V AC                                   |
| Un, Nominal Operational Voltage, DC | 500 V DC                                   |
| Control Voltage, AC, Nom            | 230 V AC                                   |
| Connection Method                   | Direct connect<br>CT connect<br>VT connect |
