

RAPID RESPONSE

GRILLE TO DUCT CONNECTOR

The easy to install Rapid Response grille to duct connector is designed to fit one of our modern 8" Rapid Response grilles and flexible duct. The grille to duct connector is suitable for ducted systems that use an in-line, roof, or external wall mounted fan. Grilles are quick to remove, making them easy to clean.

- High strength swing clips make installation easy.
- Can be retrofitted into a standard 8" round cut out.
- Designed to fit our range of 8" Rapid Response grilles.
- Suitable for 150mm ducting.

See page 32-33 for full range of Rapid Response grille options.

All dimensions in mm

Rotate swing clips to hold grille to duct connector in place.

Tighten screws so clips clamp onto ceiling board.

TYPICAL IN-LINE INSTALLATION

Model No. RESP8-DCON

RAPID RESPONSE

CEILING GRILLE WITH CLIP-IN SPIGOT

* Oval spigot designed to fit 150mm duct.
Spigot can be mounted horizontally or vertically.

The Rapid Response ceiling grille with clip-in spigot has been designed for ducted systems using an in-line fan and external grille. It can be positioned for horizontal or vertical duct connection.

- Can be retrofitted into a standard 10" round fan cut out.
- Unique 'push-out' ceiling clamps make installation easy.
- Clip-in spigot makes installation and duct connection easier.
- Grille can be easily removed for cleaning and rotated to align with walls.
