

Quick Overview

Photoelectric Smoke Alarm with 10 Year Lithium Battery

Features

The GUARDIAN photoelectric smoke alarm responds quicker to smouldering fires and the dense smoke given off by foam filled furnishings or overheated PVC wiring.

- Built-in 3V DC 10 year non-replaceable lithium battery
- Test and hush function
- 10 minute hush option
- 30 day low battery warning
- Low profile mounting base
- 85dB(A) at 3 metres
- Alarm sensitivity: 0.115-0.181dB/m
- Certified to Australia Standard AS3786-2014
