SERVEREDGE 24 PORT UNLOADED PATCH PANEL FRAME 1RU, UTP SHIELDED - INCLUDES CABLE MANAGEMENT BAR

PART NUMBER: PP24ULC-SH
BAR CODE: 9352399002785

PRODUCT DESCRIPTION

The Serveredge 24 Port Shielded Unloaded Patch Panel Frames protect critical data from EMI (electromagnetic interference) and RFI (radio frequency interference). This makes them ideal for use in health care, manufacturing, and other environments where EMI and RFI may be present.
They are designed to maximise your network performance and keep your infrastructure ready for future upgrades. The space saving design of these patch panel frames means that they will fit into the standard 19" cabinet and take up 1RU of space. With the built-in cable management and write-on labels, organising your cabinet will no longer be a chore.

PRODUCT SPECIFICATIONS

Length: 482.6 mm

Depth: 10 mm

Height: 43.65 mm

Rack Height: 1RU

Colour: Black

Material: Front: ABS 940v

Cover: SPCC with nickel plating
