

VIVA 115 *Tritone LED Downlight*

White trimmed LED downlight with Tritone switchable colour temperature and flush or recessed opal diffuser.

Description

All in one solution with our built in dimmable driver and selectable colour temperature. It features excellent performance and allows for easy installation. Tri-tone technology allows you to select colour temperatures. Flush diffuser's clip-on trims give you a choice of finishes, and the recessed diffuser designed to reduce glare.

Key Features

- *Selectable colour temperature - 3000K, 4200K and 5700K*
- *IP44 ingress protection from below*
- *IC-4 covered & abutted with insulation*
- *Complete with flex and plug for simple installation*
- *Optional clip-on trim finishes - Black, Nickel and Gold (for flush only)*

Applications

Residential, Offices, Retail
