

TECHNICAL LEAFLET

3025CSG

Iconic™ Connected Socket, Wiser, Grid, Twin, Horizontal 10A 250V

Application

The Iconic Connected socket provides smart app controlled independent switching of each socket outlet. With 24 hr timer, 24/7 scheduling and sunset switch functions, the Connected Socket provides added convenience, peace of mind and can reduce energy consumption. The Iconic Connected socket is perfect for running lamps, A/V equipment, electric blankets, hair straighteners or other plug in appliances on schedules or on a timer so you never forget to turn it off. Being part of the Wiser family, means it contains technology that offers more functions and connectivity into the future.

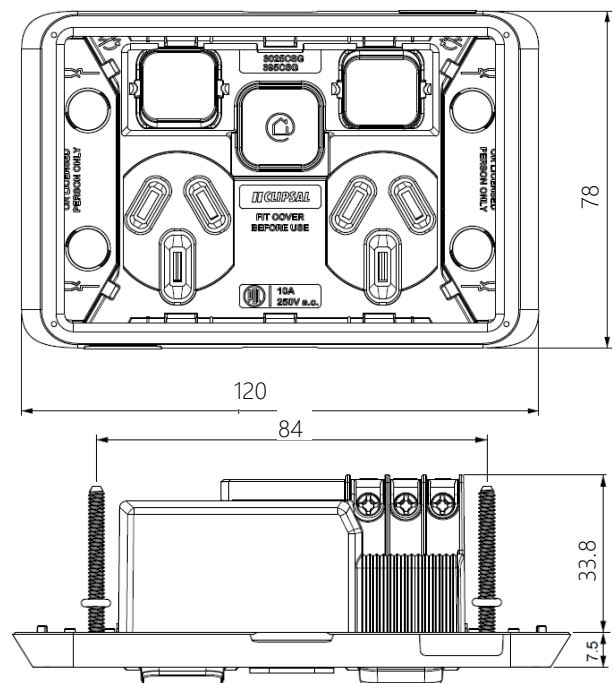

Functions/Features

- Simple independent remote control of each socket via the Wiser room App.
- App configurable 1s - 24hr Time delay
- 24/7 scheduling functions
- Sunset/sunrise ability with astronomical clock tracking
- Real time clock - no need to adjust for daylight savings changes
- Ultra Low standby power consumption
- Manual override ON/OFF with mechanical rockers
- Copy/paste favourite settings to save time with larger installs
- Wiser Ready – Contains technology for connection with future Wiser smart homes
- Compatible Skins available for purchase separately in Iconic, Iconic Styl and Iconic Essence.

Dimensions
