## product type designation

product description

### IE FC RJ45 Plug 180 (2x2)

RJ45 data connector

Industrial Ethernet FastConnect RJ45 plug 180 2x 2, RJ45 plug-in connector (10/100 Mbit/s) with rugged metal enclosure and FC connection system, for IE FC TP cable 2x 2; 180° cable outlet 1 pack = 10 units.

suitability for use	For connection to IE FC TP cables 2x2, suitable for fast assembly with the FastConnect system	
transfer rate		
transfer rate / for Industrial Ethernet	10 Mbit/s, 100 Mbit/s	
interfaces		
number of electrical connections		
<ul> <li>for Industrial Ethernet FC TP cables</li> </ul>	4	
<ul> <li>for network components or terminal equipment</li> </ul>	1	
type of electrical connection		
<ul> <li>for Industrial Ethernet FC TP cables</li> </ul>	integrated cut-and-clamp contacts for 4-wire TP FC installation cable AWG22	
<ul> <li>for network components or terminal equipment</li> </ul>	RJ45 connector	
type of electrical connection / FastConnect	Yes	
mechanical data		
material / of the enclosure	metal	
number of reuses	10	
locking mechanism design	other	
design, dimensions and weights		
type of cable outlet	180° cable outlet	
width	13.7 mm	
height	16 mm	
depth	55 mm	
net weight	35 g	
connectable cable cross-section	6.5 6.5 mm	
connectable conductor cross-section	0.33 mm²	
ambient conditions		
ambient temperature		
<ul> <li>during operation</li> </ul>	-40 +85 °C	
during storage	-40 +85 °C	
during transport	-40 +85 °C	
relative humidity		
at 25 °C / without condensation / during operation / maximum	95 %	
protection class IP	IP20	
product features, product functions, product components / general		
product feature		
<ul> <li>PoE capability</li> </ul>	Yes	
<ul> <li>PoE+capability</li> </ul>	Yes	
• silicon-free	Yes	

product component	
strain relief	Yes
standards, specifications, approvals	
certificate of suitability	
<ul> <li>RoHS conformity</li> </ul>	Yes
UL approval	Yes
cULus approval	Yes
<ul> <li>railway application in accordance with EN 50155</li> </ul>	No
resistance to air pollution / conformity according to ANSI/ISA-71.04	Yes; G3
standard for structured cabling	Cat5
reference code	
<ul> <li>according to IEC 81346-2:2019</li> </ul>	XGA
standards, specifications, approvals / Environmental Product l	Declaration
Environmental Product Declaration	Yes
global warming potential [CO2 eq]	
• total	0.277 kg
during manufacturing	0.263 kg
<ul> <li>during operation</li> </ul>	0.0086 kg
after end of life	0.0062 kg

security information	
security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected

that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)

## Approvals / Certificates

General Product Approval

**Test Certificates** 

Marine / Shipping

Declaration of Conformity

<u>Miscellaneous</u>

Special Test Certificate
