## Product Description

The MILWAUKEE  254mm (10") Straight-Jaw Pliers feature hardened teeth for a longer and secure grip on the bolt or pipe. They are forged for strength and feature rust protection for long life. The Straight-Jaw pliers incorporate an easy to use adjustable jaw mechanism, precision grounded head for reaming as well as exposed metal handles for reaming pipe and punching electrical knock outs. They also feature comfort grips, which will not peel or dig into your hands during extended use on the job site, a slim-design head giving you greater access in tight applications, forged for added strength and rust protection.
