

### Quick Overview

3mm x 130mm HSS

### Features

#### Jobber Drills

##### Sutton HSS Long Series Drills - Blue Finish

- 118° standard point for general purpose applications
- Precision ground flute designed for fast chip removal
- Made from M2 High Speed Steel (HSS), offering the best combination of strength, heat & wear resistance
- Blue surface finish for ferrous applications. The steam oxide finish prevents chip build-up on the cutting edges
