### Advice

Observe the minimum and maximum operating loads.

Check the cable for oil, paint or rust.

Do not use outdoors or in a chlorinated, marine or corrosive environment.

Do not use for lifting.

Use only for suspension of equipment under static load.

Do not use to join two cables together.

Do not use for suspension of more than 60° from vertical.

Leave a minimum of 75 mm of cable getting out of the lock.

### Application(s)

The BizLine lock allows suspending or secure fastening of cable trays, light fixtures, ventilation ducts, pre-wired electrical distribution ducts, centre points, signs, etc.

For indoor applications.

### Instructions

1. Arrows indicating the cable entry and exit direction for safe, easy and quick implementation of suspension loops.
2. Unlocking by simple pressure.
3. Quick adjustment of the length or modification once the object to be hanged is in place.
