Push button mechanisms, MEPBE, MEPBMW, DIMPBD used in conjunction with Clouded Leopard plates.

Cleaning Guide:

Spraying cleaning products directly on to electrical switches or power points (sockets) is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. Do not use an abrasive cloth as it may scratch the plastic.

Do not use harsh chemical cleaners as these can break down the plastic and

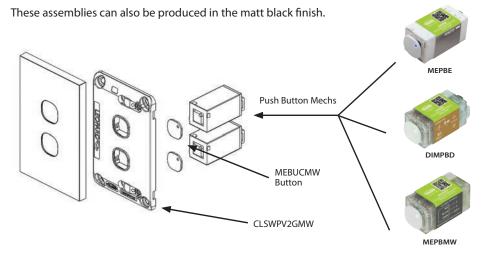

Do not wash the cover plates in water over 60°C

Clouded Leopard Range of Switch Plates with Push Buttons

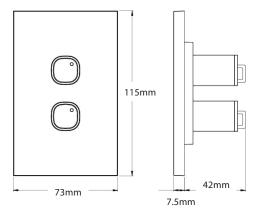

These two assembly styles will be available in Matt White and Matt Black as finished products.

- Two models of Clouded Leopard are available prepopulated with MEPBE electronic push button switches and fitted with the special MEBUCMW flat button.
- These assemblies provide the simple convenience of the switch for use in many common applications.
- Where there are other applications for multiway switching the MEPBMW in matt white finish can be combined with the CLSWPV1GMW single gang plate through to the 6 gang plate can be installed along with the Matt White MEBUCMW button or other MEPBE.
- Other assemblies will likely require multi way switch combinations so must be purchased as separate components for switches, plates and buttons.
- The plates can also be populated with the DIMPBD where dimming is needed in the same technique as the MEPBE.

Catalogue No.	Description
CLSWV1GPBEMW	Switch Plate with MEPBE Push Button Electronic Switch, 1 Gang, Matt White
CLSWV1GPBEMBK	Switch Plate with MEPBE Push Button Electronic Switch, 1 Gang, Matt Black

Clouded Leopard Range of Dual USB Charger Power Points

- Wall plate 7.5mm thick to align with other Clouded Leopard plates in the range.
- Sockets rated to 10A 250V a.c.
- Warm white LED indicators to show power on status.
- USB outlets rated to 3.4A max total at 5V.
- Auto-Switched socket outlet switches active upon plug insertion/withdrawal.
- Each electrical socket contains shutters activated from the neutral pin.
- The USB circuit is integrated with the socket outlet and connected internally so only one set of terminals are required for the electrician to wire the device.
- Fits standard mounting accessories with 84mm centres.
- Terminals suit 3 x 2.5mm².
- Recommended for phone use or small tablets only, larger devices such as laptops with USB C connections require much greater output.
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow.
- Standard colour is Matt White. Also available in Matt Black please check availability.
- Product is approved in accordance with AS/NZS3112.
- USB outlets comply with AS/NZS61558.2.16:2010 A1-3.
- Typical example of size seen below:
