ETA Enclosures

Innovative enclosure solutions for industrial and electronic applications

OCTOBER 2022

Your industrial solutions provider.

ETA is an established company that strongly believes in evolution, whose objective is to design and produce high quality enclosure solutions, combining innovation with the experience gained over 35 years of activity.

Founded in 1978 in Italy, with 40 years of experience in steel, stainless steel and extruded aluminium production, more than 200 operating staff and 30 million

euro turnover, ETA Group represents a safe and recognized benchmark for the global enclosures market as a manufacturer of high quality innovative solutions for industrial automation, harsh environments, LV power distribution and Information technology.

In 2016, ETA opened its third manufacturing unit, thus proudly widening and covering a total area of 70.000m². Thanks to this

new investment, ETA Group will consists of HQ, 3 manufacturing units and 1 logistic center in Italy, 1 manufacturing unit in Romania, 2 sales subsidiaries in Europe (UK and France), 1 representative office in Saint Petersburg, 1 branch office in Cyprus (for the Middle East market) and an extensive sales network throughout Italy and around the world in more than 40 countries

The E COR range was originally patented by ETA in 1979, when the enclosure concept included a structured fold of the enclosure and a patented hinge system.

The enclosure has a structured fold with an 80° inclination for greater structural rigidity, which is particularly noticeable on large dimensions.

Structured fold of the housing with an 80° inclination for greater rigidity of the fold angle and minimisation of any damage to the polyurethane seal.

Guaranteed higher IP protection (proven by inhouse tests and certification bodies).

Side by side mounting with simultaneous opening of the adjacent doors.

E COR RANGE - WALL MOUNTING BOXES WITH BLANK DOOR

IP66

Features

Wide range of dimensions: over 40 enclosures with plain door, 19 models with glazed door, enclosures with single plain door, double door with rod locking system and enclosure with single glazed door.

1. Mounting plate included.
2. Main accessories: plinth, internal door kit and modular chassis, wall-mounting brackets, door stop kit.
3. Optional accessories: micro perforated plates, louvered cable entry plates and pole mounting kit.
4. Terminal boxes in 5 different versions, with screwed cover, clear cover, for bus system, flanged, with hinged cover. Rack enclosures from 3 to 21 units in 450 and 550 mm depths.

5. Protection rating for E COR boxes: IP66 - Nema 4 (single blank door) Nema 12 (double blank door and plexidoor) - IK10.
6. High quality epoxy-polyester powder finish. Colour RAL 7035.

Characteristics

Enclosure and door manufactured from 1.5 mm thick sheet steel. Mounting plate manufactured from 2.5mm thick sendzimir sheet steel.

Supply

Box supplied with:

- door provided with locking system with Ø 3mm double bar key and 2 zincpassivated rails to be fixed
- mounting plate

- cable entry plate with sealing gasket
- screws for earth connection and mounting accessories

Protection Rating

- IP66 complying with IEC EN62208; EN62262
- NEMA 4 complying with UL508A; UL50
- protection degree guaranteed by the two-component polyurethane foam seal
- impact resistance IK10 complying with IEC EN62208; EN62262

Paint Finish

ETA standard epoxy polyester powder coating. Enclosure and door: colour RAL 7035 textured finish.

Box with standard locking system

Box with rod system

SDV SERIES - TERMINAL BOXES WITH SCREWED LID IP66

Characteristics

Box and lid manufactured from 1.2 mm thick sheet steel. Box provided with holes for fixing optional hinges and lid fixed with captive screws.

Paint finish

ETA standard epoxy polyester powder coating.

Colour: RAL 7035 textured finish.

Protection rating

- IP66 complying with IEC EN62208; EN62262
- NEMA 4 complying with UL508A; UL50
- protection degree guaranteed by the two-component polyurethane foam seal
- impact resistance IK10 complying with IEC EN62208; EN62262

WALL MOUNTING BRACKETS - SDWC-010

Characteristics

Manufactured from 2.5 mm thick zincpassivated sheet steel.

Supply

Includes 4 pieces.

HINGES - SDWA-005

Characteristics

Manufactured from white zincpassivated alloy.

Supply

Includes 6 pieces with mounting accessories.
