

DIN-T Locking Devices

Captive and non-captive locking devices including the patented LOCKDIN™ solution.

LOCKDIN

The first comprehensive system for safe and secure locking of DIN-T MCBs (1, 2 and 3 pole). Easy to install and retrofit, options are also available for DIN-T RCBOs and accept 2.5 - 6.5mm padlocks, hasps and scissor arrangements.

Blanking devices and pole fillers also available for a complete finish.

Note: LOCKDIN unsuitable for 1 pole compact RCBOs.
