SPECIFICATIONS

Product Series	Concept One
Component Type Power Distribution & Protection	Flush Mounting Kit
Ue, rated operational voltage, AC, 1ph, nom	240 V AC
Ue, rated operational voltage, AC, 3ph, nom	415 V AC
Material	Mild Steel
L99 Application	Used to frame panel boards which have been set into wall cavities or similar constructions. The flush kit fits neatly around the panel board and covers any gap between the panel board and the wall cut-out into which the board is fitted.
Parts Required	Assembly of flush kit frame 8off M5x10 hex screws (FXSM5TX10HD12Z). Fixing of frame to wall 4off M5 countersunk head screws and wall plugs to suit surrounding wall type.
Installation Notes	The flush panel is fitted over the pboard & screwed to the surrounding wall. Where the pboard protrudes so much that the front row of gland plate screws interfere with the flush panel, these screws must be removed & refitted after fitting the panel
Standards Compliance	AS/NZS 61439.3
