(actual product may vary based on configuration selections)

SPECIFICATIONS

Component Type	Power Distribution & Protection	Flush Mounting Kit
Box Size		4
Height		1000 mm
Colour, Base		Storm Grey base
L99 Application		Used to frame panel boards which have been set into wall cavities or similar constructions. The flush kit fits neatly around the panel board and covers any gap between the panel board and the wall cut-out into which the board is fitted.
Parts Required		Assembly of flush kit frame 8off M5x10 hex screws (FXSM5TX10HD12Z). Fixing of frame to wall 4off M5 countersunk head screws and wall plugs to suit surrounding wall type.
Installation Notes		Flush panel fitted over panel board & screwed to wall. Where panel board protrudes such that front row gland plate screws interfere with flush panel, screws must be removed & refitted after panel installed.
