

SMART WiFi FLARE CAMERA WITH LIGHT

A camera you can place
just about anywhere

WiFi
NO HUB REQUIRED

Works with
IFTTT

Magnetic and rechargeable the indoor/outdoor Smart HD camera allows you the flexibility to mount a security camera anywhere.

- Easy installation, attaches to any magnetic surface or using the mounting screw hole.
- Twin beam lights enable full colour night vision of up to 5m.
- 2 x 18650 Non-replaceable rechargeable lithium-ion batteries included.
- Full high definition resolution 1080P (FHD) camera, from the 110 degree wide viewing angle.
- Advanced PIR motion detection with 3 levels to select from low, medium and high. Sends notification to your phone when movement is detected.
- High quality two-way and one-way audio options.
- Manually record live video or access recording from your phone through the BrilliantSmart app. Footage is encrypted and can only be viewed through the BrilliantSmart app
- Micro SD memory card slot – 128GB max. Recording is motion activated if SD card is installed (card not included).
- Select from either event or continuous recording functions.
- Must be installed as per instructions for IP65 weather resistant.
- Compatible with BrilliantSmart devices via automation & IFTTT.

APPLICATIONS

- Monitor outside your home where power supply is not available.
- Setup virtual calls via IFTTT when motion is detected
- Create in app automation, so lights illuminate based on behaviours, ie: when movement is detected via a sensor, the lights turn on automatically.

SMART WiFi FLARE CAMERA WITH LIGHT
