D mm	90	90	108	108	108
Mounting Holes mm	72 x 112	142 x 97	191 x 137	300 x 140	294 x 212
Carton Qty	30	30	20	15	10

FEATURES

- Panel is made from heavy duty ABS material which offers greater durability and never changes colour. The transparent lid is made from poly carbonate (PC),
- IP65 Rating,
- Cover push type opening and closing. Face covering of the distribution box adopts the push – type opening and closing mode, the face mask can be opened by pressing lightly, the self-locking positioning hinged structure, is provided when opening,
- Wiring design of the power distribution box has the guide rail support plate which can be lifted to the highest moveable point, it is no longer limited by the narrow space with installing wire for easy installation. The switch of the distribution box is setup with the wire groove and conduit exit holes, which are easy to use for a variety of wire grooves and conduit fittings.
