Access Control Power Supply

Programming

Programming will be vary depending on access configuration. Follow the instructions according to your access configuration.

Notes:

> User ID number: Assign a user ID to the access fingerprint/ card/ PIN in order to track it.

The Common User ID:

- Fingerprint user ID: 0 ~ 98
- PIN/ Card user ID: 100 ~ 987
Master Fingerprint User ID: 99
Panic User ID: 988~989
Visitor User ID: 990~999

IMPORTANT: User IDs do not have to be proceeded with any leading zeros. Recording of User ID is critical. Modifications to the user require the User ID be available.

> Proximity Card:

Proximity Card: EM card/ EM+ Mifare cards

> PIN: Can be any 4~6 digits except 8888 which is reserved.
