## KWIK CHANGE ARBOR SYSTEM

**FAST, TOOL FREE CHANGES BETWEEN DIFFERENT SIZES AND TYPES OF HOLE SAW, PLUS A SIMPLE METHOD OF CORE EJECTION AND HOLE ENLARGEMENT.**

The new Kwik Change arbor system from Starrett offers fast, tool free changes between different sizes and types of hole saws, plus a simple method of core ejection and hole enlargement. Suitable for the standard Starrett hole saw range up to 152mm / 6" diameter, Kwik Change will be an invaluable addition for any regular hole saw user.
