

# HOVER PRO

## Hover Pro Highbay

- Quality highbay delivering highly energy-efficient illumination up to 190lm/W
- 120 degree beam provides broad coverage
- Long-lasting performance with LED lifetime of >60,000 hours
- Designed to function in a range of temperatures, from -30 to 50°C, making it ideal for use in a variety of conditions
- IP65 rating provides exceptional resistance to weather and moisture
- IK08 rated, making it capable of handling the toughest industrial and commercial environments
- Optional motion sensor detects movement and turns off light for additional power savings

### ORDERING INFORMATION

<b>Order code</b>	12016
<b>Description</b>	Hover Professional 200W Highbay - 190lm/W - CRI80 - 120 degree - 5000K
<b>Driver Type</b>	1-10V dimmable
<b>Item Code</b>	EV-HOVER-PRO-200W-50K

### EFFICIENCIES

**Total System Efficiency** 190 lm/W

The performance of each component of a luminaire is demonstrated through its efficiencies, which together determine the total system efficiency of the product. The output of the LED chip is first multiplied by the optical and thermal efficiencies to calculate the Luminaire efficiency. However, this calculation does not consider the driver efficiency. To determine the overall efficiency of the system, the Luminaire efficiency must be multiplied by the driver efficiency, which accounts for all losses in the system.

### MECHANICAL

<b>Body Material</b>	Alluminium alloy
<b>Diffuser Material</b>	Clear plastic
<b>Fitting Colour</b>	Black
<b>IK Rating</b>	IK08
<b>Installation Type</b>	Suspended
<b>IP Rating</b>	IP65

### ELECTRICAL

<b>Earth Leakage</b>	0.75 mA
<b>Electrical Rating</b>	Class I
<b>Input Current</b>	2 A
<b>Input Frequency</b>	50 Hz
<b>Input voltage</b>	230Vac
In Australia the Input voltage is defined as 230Vac -6%/+10%. This effectively means that the voltage range of these products are 216Vac - 253Vac or 240V +6%	
<b>Inrush Current</b>	100 A
<b>Maximum Wattage</b>	200 W
<b>Surge Protection L/N-PE</b>	6kV
<b>Surge Protection L-N</b>	6kV
<b>Working Temp Range</b>	-30 to 50 °C

### LAMP

<b>Macadam Steps (SDCM)</b>	3-step MacAdam Ellipse
<b>Beam Angle</b>	120 °
<b>CCT Configuration</b>	Single
<b>Colour Rendering Index (CRI)</b>	>80

## LED LIFETIME

**LED Lifetime** >60000 hrs

This is the Reported LED Lifetime in Hours based on TM-21. Atom does not list the projected or calculated LED lifetime, which is normally longer as TM-21 Addendum B explicitly states "The Calculated and Projected Lp(Dk) are not to be reported". This Lifetime refers to the life of a single LED however the system life is longer since the probability and binomial distribution of all LEDs in the system means that the average led is performing above the specification and compensates for the LEDs falling below.

**Ambient Temp (°C)** 25 °C 40 °C

**L90B10** 48000 hrs 46000 hrs

This rating defines the performance of the led within its lifetime. L relates to lumen depreciation, where the proceeding number gives the resultant lumen output at the end of it reported lifetime. L70, would mean 70% lumen depreciation which means 70% of its initial output and is tested accordingly to TM-21. The B part refers to failures, which can be define as the percentage of LEDs which fall below the L value in the projected lifetime. A value of B10 refers to 10% failure and a value of B50 refers to 50% failure. After the defined lifetime, the system will reach the defined lumen depreciation and the average led failures is defined by the B rating. The B rating is defined in and tested to IEC62717.

**TM-21 Test Hours** 10000 hrs

## COLOUR TEMPERATURE

**CCT** 5000 K

**Luminaire Lumens** 38000 lm

All photometric data has a tolerance of ±10%. Luminaire lumens refers to the exit lumens or delivered lumens from the luminaire.

## DRIVER

**Driver Type** 1-10V dimmable

**Flex & Plug or Lead Length** 1500 mm

**Wiring Type** Re-wireable Flex & Plug (3 pin)

**PSTLM** 0.004

Short Term Light Modulation (PstLM): The requirement is that PstLM should be less than or equal to 1.0. This metric measures the short-term flicker severity and ensures that flicker is not perceptible or is at a level that does not cause discomfort or health issues.

**SVM** 0.001

Stroboscopic Visibility Measure (SVM): The requirement for SVM is that it should be less than or equal to 0.4. The SVM metric assesses the visibility of the stroboscopic effect, which can make moving objects appear to be stationary or moving in discrete steps, thus ensuring that this effect is minimized in lighting environments to prevent visual discomfort and safety hazards.

## ENERGY SAVINGS SCHEME

**Ipart Approval** Yes

**REES Approval** Yes

**VEU Approval** Yes

## COMPLIANCE

**Product Design Life** 12 years

The product design life relates to the total product life which includes LEDs, drivers and the enclosure. This is different to the LED lifetime which only refers to the economical lifetime of the LEDs at which time the lumen output has dropped below the L Value. The product design life is calculated at the maximum ambient or working temperature of the product and takes into account the Daily Use.

**Daily Use** 20 hrs

The Daily Use is the recommended time required to meet the product's design life. Installations can exceed this time, however the product design life will be reduced proportionally.

**Standards** AS/NZS 60598.1  
AS/NZS 60598.2.1  
AS/NZS 61347.1  
AS/NZS 61347.2.13  
AS CISPR 15

## WARRANTY

**Commercial Use Warranty** 5 RTB (Total 5 Years)

**VIP Warranty** 2 Onsite, 3 RTB (Total 5 Years)

VIP warranty is available to registered users and is subjected to additional terms and conditions.

**Warranty Operating Hours** 30000 hrs

This product is provided with a warranty up until the stated warranty period or until the stated warranty operating hours has been reached (whichever occurs first).

## DIMENSIONS

**Product Diameter** 300 mm

**Product Height** 191 mm

#### ACCESSORIES

ORDER CODE	ITEM CODE	DESCRIPTION
17719	<b>EV-HOVER-BRACKET</b>	Ceiling mount bracket for Ektor Hover Core 120W and 150W highbays
17724	<b>EV-HOVER-SWITCH-200W-60D-LENS</b>	60deg Lens for Ektor Hover Switch Adv and Pro 200W Highbays
17723	<b>EV-HOVER-SWITCH-200W-90D-LENS</b>	90deg Lens for Ektor Hover Switch Adv and Pro 200W Highbays
17720	<b>EV-HOVER-SWITCH-200W-DIFFUSER</b>	PC Diffuser for Ektor Hover Switch Adv and Pro 200W Highbays
17722	<b>EV-HOVER-SWITCH-200W-REFLECTOR</b>	Alu Reflector for Ektor Hover Switch Adv and Pro 200W Highbays
10730	<b>EV-SENSOR-ZHAGA-MW-LK</b>	Ektor Lynk smart sensor with Zhaga base - 0-10V output - w/wireless
